MU.TE.KI. in Japanese means invincible, or without rival; which is exactly what this 7.2 channel system represents.

Sony's MU.TE.KI system comes with an audio / video receiver, seven speakers and two subwoofers which give a massive 1698W of power.

With three HDMI repeater inputs, the system can accommodate multiple connectivity of high definition products with only one cable required between devices.

Surround Sound Processing places you right in the middle of your favourite concert or action film, with a fast and easy setup that lets you start enjoying movies and music right away.
