YOUTH DESIGN

Selected from over 20,000 designs entered in the 2008 MTV Engine Room competition, the Sea & Sky design was inspired by the scenery around the artist's home town on the island of Okinawa in Japan. Shades of pure blues and green set within wave-like lines flowing from a burst of sun-yellow at the center contrast cleanly with the white background. The oceanic effect crashes over to the palm rest and flows throughout the system desktop, wall paper, flash demo icon and program menus for a truly-integrated aesthetic experience. A white color-matched keyboard and touchpad plus touch media controls that light up and become visible only when the system is powered on further enhance the clean appearance. Packaging, plus setup and user guides, coordinate with the winning design as well. HP's mobile products have won coveted International Red Dot, iF and CES Innovation design awards and been recognized by other leading design institutions.

ENTERTAINMENT EVERYWHERE

Providing more choices than ever, HP MediaSmart enables access to DVDs, videos, photos, music, Internet⁽⁹⁾TV and radio at the touch of a button. Get access to watch the best video clips from Comedy Central, Nickelodeon, and MTV. Built-in demos show you how to add music to your slide shows or videos with drag-and-drop functionality – and much more. An HDMI port enables you to watch films on an HD TV. Muvee Reveal makes creating films complete with effects and transitions a snap! Enjoy full-screen viewing of HD TV and movies with the 16:9 aspect ratio. Extras include dual headphone jacks and an HP Mobile Remote Control. SRS Premium Sound delivers the ultimate audio experience.

FIND YOUR INSPIRATION

For those who believe the products they select should make a statement, who want to both consume and create digital content and will invest in powerful mobile computing capability, the HP Pavilion dv6 series Artist Edition Notebook PC is the perfect machine! The dv6 Artist Edition helps you find your inspiration.

Full-version Digital Content Creation apps are included to help bring your ideas to life.

- **Magix Music Maker 14** to create new music easily or modify and remix existing tracks
- **Corel Paint Shop Pro Photo X2** providing extensive photo editing capability
- **Corel Painter Sketch Pad 1.0** delivering full-featured sketching functionality
- **Corel Video Studio X2** enabling video production and sharing

Extended-life HP Lilon battery for longer performance when not connected to AC power. **Connect with the HP Webcam.** Turn your next instant message into a live video chat with the integrated webcam, omni-directional microphone and an IM solution. Optimized for low-light environments, it's great for capturing short videos to share on your favorite social networking site. **Personalized disc labels with LightScribe.** Create custom laser-etched disc labels right in the drive with LightScribe and preinstalled Cyberlink DVD Suite. Just burn data on the disc, flip it over and burn the cover image using any scanned image and/or text.

Winning artist Hisako Sakihama helped HP's design team with the process of applying her design to the Imprint finish. She even took a day off from work and traveled by train to work with them from the start! Hisako says the design came simply from looking at the sky and the reflections on the waves around her home town of Okinawa.
